REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach nor fairly suggest a closure as claimed wherein a sleeve comprises two separate portions and have an outer surface covered by an outer tubular appendix of a cap skirt.

Bonnennfant et al and similar closure do not teach the sleeve is comprised of at least two separate portions. Baxter teaches a sleeve comprised of two connected portions. There is no suggestion, motivation or teaching in any of the prior art of record to have the sleeve of two **separate** portions circumferentially adjacent to each other such that they fall away from the associated bottle neck when the cap is removed from the body.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
